Ambassador
Sairam Ideathon 2021

Karan K V

Beta Microsoft Learn Student Ambassador || Blogger || Web
developer at qkres || Graphic designer || Code for cause campus
lead || IEEE student member ||
Tamil Nadu

Summary

First and foremost, I love writing code. Ever since writing my first program in python and manipulating it to produce a desired output, I have been obsessed with the idea of using software to solve practical problems. Software engineering is a never-ending puzzle that i am passionately engaged in solving. I believe in the power of programming to transform and improve the lives of the people around the world.

Experience

Microsoft
4 months
